

HOPE SPRINGS EQUESTRIAN THERAPY, INC.

A “POWERFUL” DONATION TO HOPE SPRINGS EQUESTRIAN THERAPY

CHESTER SPRINGS, PA – DECEMBER 31, 2015 – HOPE SPRINGS EQUESTRIAN THERAPY, INC. received a powerful donation from Wistar Equipment Company: a 6500 watt generator to enable Hope Springs to keep its power on, and, critically, its horses warm and well-fed during power outages that can hit the organization’s Malvern farm at any time of year.

At [Hope Springs](#), children and adults with disabilities receive customized, affordable therapeutic horseback riding and associated special education to enhance their quality of life.

[Wistar Equipment](#), founded in 1983 and headquartered in its 65,000 square foot facility in Carney’s Point, NJ, is the Tri-State leader in temporary power and industrial equipment rental and sales and supports a customer base that extends throughout the United States.

“Winter weather can be a real challenge for our operation,” said Ken Swimm, President of Hope Springs. “Our goal is to deliver non-stop service to our riders, without disruption. This powerful donation from Wistar will help keep our operation running all winter long.”

Pictured in the photo taken in front of Hope Springs’s barn (r. to l.) are Scott Wistar, President of Wistar Equipment, Inc., Jeanne Knowlton, Hope Spring’s Executive Director and Michael Curry, Legal Counsel to both.
